

Pooraka Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Devices that are brought to school for security reasons need to remain in student's bag at all times, or securely locked up in the front office.

If the student does not comply

- A reminder will be given to hand the phone into the front office so it is safely secured.
- An explanation will be given about why this policy is in place.
- Parents/caregivers will be contacted to ask for assistance to reinforce the policy

Students

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.
